

Electrical distribution meets design UK500 series consumer units

Power and productivity
for a better world™

UK500 series consumer units, for an exclusive lifestyle Electrical distribution at its finest

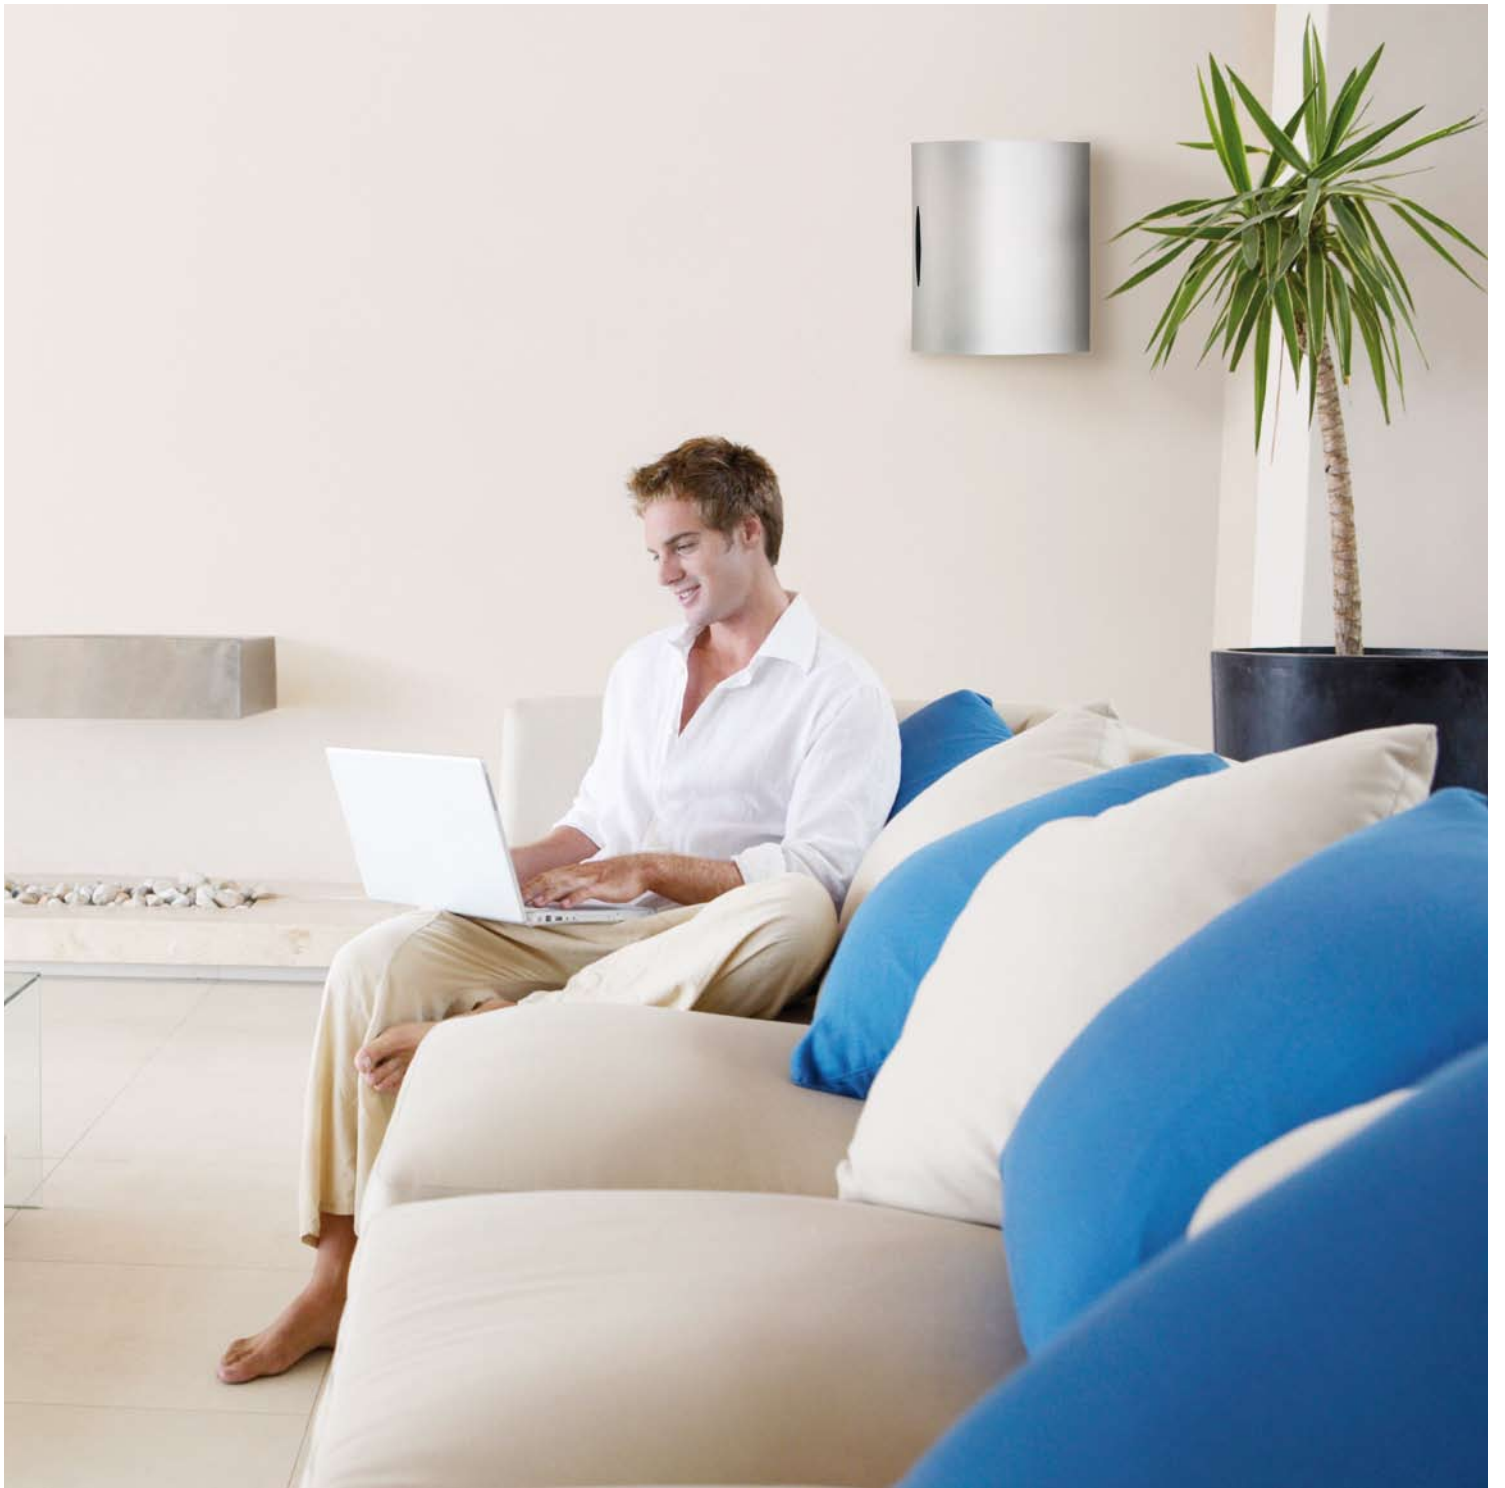

The enclosure offers room for the highest level of functionality as a consumer unit or media application in various sizes. Its exterior harmonically blends into every ambience with shapely door variants in a modern design.

UK500 – as a media application

UK500 – as a consumer unit

art line elegant

A modern interior in perfect harmony: art line in brushed stainless steel radiates a timeless aesthetic appeal. Elegance at the heart of your home.

Brushed stainless steel

addition line creative

Space for the personal touch: addition line offers interchangeable frames to complement your favourite image. Brushed aluminium or with a white finish.* A creative, eye-catching focal point for your individual interior design.

White

Brushed aluminium

*Pictures not included

color line decorative

Blending with the room, the color line range complements or contrasts as necessary to set off any color scheme.

The particular elegance of this line is exemplified in the metallic-silver TIP-in closure. A decorative touch to lend personality to your space.

Anthracite

Light gray

Silver

tech line intelligent

Aesthetic clarity: tech line supports monitoring and control of building facilities such as lighting systems. A contemporary control panel, designed with user convenience in mind. Intelligently taking functional aesthetics to the next level.

Anodized aluminium
